

Install in two minutes. Free key by email.

PinnacleQuant.com Analytics and the Live Chat add-on, step by step

100% free WordPress plugins

1 Download the two zip files

Click both buttons in the **Download** section of this page and keep the files where you can find them.

 pinnaclequant-com-analytics.zip

 pinnaclequant-chat.zip

2 Upload and install

In your WordPress admin: **Plugins, Add New Plugin, Upload Plugin**. Choose the first zip, click **Install Now**. Repeat for the second zip.

If you have a plugin in a .zip format, you may install or update it by uploading it here.

Choose File

No file chosen

Install Now

3 Activate both

On the **Plugins** page click **Activate** under each one, Analytics first. Your visitors start showing on the **Visitors** page right away.

☐	PinnacleQuant.com Analytics Activate Delete	See who is on your site right now: IP address, city and country they came from, returning visitors, the pages they read, and more. Version 1.4.3 By PinnacleQuant.com Visit plugin page
☐	PinnacleQuant.com Live Chat Activate Delete	Free live chat add-on for PinnacleQuant.com Analytics. Add it to your site from your WordPress admin. When you are notified by email, phone and a brief message and emails it to you. Version 1.2.6 By PinnacleQuant.com Visit plugin page

4 Ask for your free key

One email, two details. The key comes back to you by email; it is a short code starting with **pq_**.

To	Info@PinnacleQuant.com
Subject	Free chat key
Include	Your full name and your website address

5 Paste the key

PinnacleQuant.com Analytics, Chat Setup: paste the key in box 1 and click **Activate**. Then click **Check my site** and read the green line.

1 Your key

No key yet? Email Info@PinnacleQuant.com with your full name and your website address.

pq_7k3m9x2p4v8q

Activate

No key yet. Request one by email and paste it here.

Check my site

Your chat button is working. The chat code, the chat script and the chat CSS are all present.

6 Go online

Open the **Live Chat** page and set the switch to **Available**. The chat button is now on your site, and visitors who write to you appear on this page.

 Available

Switch on = visitors see you as online.
Switch off = they see your message and a short form.
